

The TK-101 system is a great choice for kiosks and digital signage, as well as entry-level gaming applications. Don't risk less than ideal sound via a la carte product choice, MISCO has done the work for you by pairing the right amplifier with the right speakers. While low in cost, the 101 provides plenty of high-intelligibility sound output thanks to the perfect match of the amplifier to the speakers.

### Speakers

- 2 x 3.5 inches (50 x 90mm) wide range
- 8-Ohm, 10 Watt, 84dB sensitivity
- Shielded magnet prevents interference with electronic circuits and video displays
- Acrylic-treated cone surround for long life
- Speakers are not self-enclosed - will require mounting in cabinet with grilles

### Amplifier

- Power output: 12.5W x 2
- PCB style
- Volume control
- Cool running and reliable Class D operation
- Wide 9-24VDC voltage input range
- Available MISCO power supplies: 36174 or PS15-VDC (sold separately)

This kit includes:

- Satellite Speaker - 84157 (x2)
- Amplifier - [93101](#)
- Wire Harness - 36173

### Primary Specifications

<b>Speaker System Type</b>	Full Range
<b>Enclosed Woofer Style</b>	None
<b>Subwoofer Type</b>	None
<b>Digital Signal Processing</b>	No
<b>Audio Signal Input</b>	Analog

**Primary Specifications**

<b>8 <math>\Omega</math> both HF channels driven (Watts RMS)</b>	13.5 W
<b>Total Low Frequency (Sub-woofer) Output Power per channel into 4 <math>\Omega</math>. (Watts)</b>	9.5W
<b>Digital Input S/PDIF</b>	No

**Dimensions & Weight**

<b>PCB Size (HxWxL) (mm)</b>	0.6" x 2.25" x 2.5" (15.3 mm x 57.1 mm x 63.7 mm)
------------------------------	---

**Power Supply Specifications**

<b>Barrel Plug Connector Size (mm)</b>	2
